February 21, 2022  
Annual Meeting  
Proxy Voting Form

To: Sorrento Dock Owners Association

I, \_\_\_\_\_, hereby vote as follows on the following election brought before the annual meeting of the Sorrento Dock Owners Association, to be held on February 21, 2022, at 7:00 p.m. at the Sorrento South Clubhouse on Dante Dr, Nokomis, Florida.

I vote to accept **moving** paragraphs 10 & 15 **from** the Rules & Regulations **to the** Bylaws.

Yes / No  
Please circle one

## Rule 10

10. Boat slips can be occupied by boats no longer in length than 6 feet more than the length of the slip. All boat slip lengths are measured from the head of the slip (dock walkway) to the end of the finger dock walkway and are 20 feet. The maximum length of any boat shall be 26 feet for all docks and is determined by using the following method: the actual measured length of the vessel plus any bow sprits, bow anchors/assemblies, bow rollers, bow or stern pulpits, swim platforms, outdrives and outboard motors in the tilted up position. Using this same method to determine the maximum length, the only exceptions to this rule are:

- Oversized Docks 211B, 212B and 213B may be occupied by boats no longer than 28 feet.
- Dock 102A, a wet face dock, located adjacent to the entrance to the boat basin may be occupied by boats no longer than 30 feet in length and 9 feet in beam width.

The location and installation of any lift pilings, lifts and associated equipment shall be included, and fall within the maximum length method of measurement.

Boat owners shall not moor their boats in a manner that obstructs or creates a hazard to pedestrian traffic. The Dock Owners Association shall determine whether such a hazard exists. Mooring of more than one watercraft in a slip may be allowed subject to the written approval of the Board of Directors, as long as it does not obstruct the waterway.

## Rule 15

15. Any attachment to the dock, finger docks, and/or pilings by an owner or renter is prohibited without prior written approval from the Dock Owners Association Board of Directors.

Please note, the wording will remain unchanged, merely moved. The first sentence appears in the Original Rules & Regulations dated August 11, 1983, and all revisions dated February 28, 2012; August 13, 2018; September 30, 2019; January 14, 2019; and the current revision date of March 8, 2021.

Return this form via email at [sdoainc@gmail.com](mailto:sdoainc@gmail.com) or via regular mail to SDOA, P.O. Box 190, Nokomis, FL 34274, no later than February 14, 2022.
